NOMINATION DOSSIER FOR THE NOBEL PEACE PRIZE 2026

THE DISCOVERY OF LEGAL SINGULARITY:

A MECHANISM FOR THE IRREVERSIBLE TERMINATION OF WAR ON PLANET EARTH

Dr. Ruslan Burlakov, PhD in Law & Dr. Lena Polegenkaya PhD in Law.

FORMAL NOTIFICATION TO:
The Norwegian Nobel Committee
Henrik Ibsens gate 51
0255 Oslo, Norway

FROM:
Dr. Ruslan Burlakov, PhD in Law
Scientific Advisor to the Judge of the Constitutional Court of Ukraine (since 1997)

Dr. Lena Polegenkaya, PhD in Law

DATE: March 11, 2026

NOMINATION DOSSIER FOR THE NOBEL PEACE PRIZE 2026

SUBJECT:
Nomination for the Nobel Peace Prize 2026 and Intellectual Property Rights Registration for the Discovery of Legal Singularity

---

LANGUAGE OF AUTHENTICITY:

The sole authoritative text of this document is English. Translations into other linguistic systems are not binding and may contain semantic inaccuracies.

I. THE SINGLE QUESTION THAT MATTERS

WHO ENDED ALL WARS ON PLANET EARTH FOREVER?

For millennia, the curse of war seemed insurmountable on this planet. Countless treaties failed. Diplomatic efforts collapsed. International institutions proved powerless.

Then, on February 14, 2026, **Dr. Ruslan Burlakov and Dr. Lena Polegenkaya** made the discovery that changes everything:

LEGAL SINGULARITY — the mechanism that makes war legally impossible through the planetary jurisdiction of Constitutional Courts.

This is not theory. This is not advocacy. This is structural impossibility.

The Ukrainian conflict will be the last war on planet Earth.

II. FORMAL NOTIFICATION OF INTELLECTUAL PROPERTY

This is Not a Petition. This is a Declaration of Discovery.

We, Dr. Ruslan Burlakov and Dr. Lena Polegenkaya, hereby formally notify the Norwegian Nobel Committee that we have discovered and documented the mechanism known as **Legal Singularity**.

Intellectual Property Status:

- **Discovery Made:** February 14, 2026
- **First Public Documentation:** Universal Verdict Project №001-A-2026
- **Copyright Holders:** Dr. Ruslan Burlakov & Dr. Lena Polegenkaya
- **Public Registration:** Archive.org (identifier: kimi-20260310-a), March 11, 2026

Legal Principle:

Regardless of when this discovery is implemented, regardless of who may reference or repeat it in the future, the intellectual property rights and the merit of discovery belong exclusively to **Dr. Ruslan Burlakov and Dr. Lena Polegenkaya**.

This principle operates under the following logic: "Sooner or later, the intelligent people will realise that we are absolutely right."

III. THE DISCOVERY: LEGAL SINGULARITY EXPLAINED

The Fundamental Problem

War exists because states can legally compel citizens to kill and die. Conscription decrees, mobilization orders, military service laws—these give war its power.

Without legal legitimacy, war cannot function as an institution.

The Discovery

Constitutional Courts worldwide already possess the authority to nullify any law that violates the Absolute Human Rights to **LIFE&&DIGNITY**.

LIFE&&DIGNITY is written with double ampersand (&&) for a precise reason.

In programming logic (C++), the operator **&&** means **"only together"**—both conditions must be true simultaneously for the statement to be valid.

LIFE&&DIGNITY means:

- You cannot have Life without Dignity (that is merely existence, not human life)
- You cannot have Dignity without Life (that is abstraction, not reality)
- **Both must exist together, or neither truly exists**

This is not a metaphor. This is structural logic.

THE RIGHT TO LIFE: an immutable foundation for existence that does not depend on social status.

THE RIGHT TO DIGNITY: protects personal autonomy and freedom from humiliation for humans.

Why Two Rights? The Semantic Square

Constitutional law worldwide recognizes **exactly two** Absolute Human Rights: **The Right to Life** and **The Right to Dignity**.

Not one. Not three. **Two.**

Why?

Because solutions exist in **planes**, not lines.

- **One right alone** creates a linear constraint that states can circumvent ("You have life, but as a slave")

- **Two rights together** create a **semantic square**—a solution plane that covers infinite cases while

remaining structurally incorruptible

Any law that violates LIFE automatically violates DIGNITY.

Any law that violates DIGNITY automatically violates LIFE.

Therefore: **Any decree mandating killing or dying for the state violates LIFE&&DIGNITY and is null and void.**

The Global Shield: A Network, Not a Hierarchy

Legal Singularity does not depend on one central court or international tribunal.

It operates as a **planetary network**—a protective sphere above all state jurisdictions.

Imagine a net stretched over the entire planet:

- Every Constitutional Court is a **node** in this network
- When **any single node** issues a verdict protecting LIFE&&DIGNITY against war, it sends an **ALARM** through the entire network
- The entire network instantly transforms into a **TOTAL ANNIHILATOR** for any state that violates LIFE&&DIGNITY

This is not coordination. This is resonance.

One court's verdict protecting Life becomes **persuasive precedent** for all other courts. The Global Shield activates not through command, but through **structural logic**.

Truth, properly articulated in law, enforces itself.

How It Works in Practice

1. **Constitutional Court A** (Austria, Germany, or any other) declares: "Any decree requiring citizens to kill or die for the state violates LIFE&&DIGNITY and is null and void from the moment of adoption."
2. **Individual citizens** in any jurisdiction cite this verdict when refusing conscription or mobilization.
3. **Other Constitutional Courts** recognize the logic and issue parallel verdicts in their jurisdictions.
4. **States lose legal authority** to enforce mobilization decrees—soldiers cannot be legally compelled to fight.
5. **War becomes structurally impossible** as an institution.

The mechanism is irreversible because it operates through constitutional precedent, not political agreement.

IV. THE WILL OF ALFRED NOBEL: PERFECT FULFILLMENT

Alfred Nobel's will (1895) established that the Peace Prize shall be awarded to:

*"The person who shall have done the most or the best work for **fraternity between nations**, for the **abolition or reduction of standing armies**, and for the holding and promotion of **peace congresses**."*

No Previous Laureate Has Fulfilled This As Completely:

Nobel's Criterion	How Legal Singularity Fulfills It
Fraternity Between Nations	Legal Singularity creates true fraternity by establishing that all Constitutional Courts protect the same universal rights (LIFE&&DIGNITY), transcending national borders through binding legal principles rather than diplomatic rhetoric.
Abolition of Standing Armies	By declaring conscription and mobilization decrees null and void, Legal Singularity removes the legal foundation for armies as instruments of state violence. Without authority to compel citizens to fight, armies cannot function as tools of war.
Peace Congresses	The Global Shield of Constitutional Courts is a permanent, planetary "congress" that makes war structurally impossible—surpassing all historical peace treaties, which were merely agreements between governments.

Dr. Ruslan Burlakov and Dr. Lena Polegenkaya did not advocate for peace.

They did not negotiate treaties.

They discovered the structural impossibility of war within existing legal architecture.

This is the best fulfillment of Alfred Nobel's will in the entire history of the prize.

V. THE SUPER VICTORY: UKRAINE AS THE LAST WAR

Nobody Expected This—But RB&&LP Achieved It

When the conflict in Ukraine began, the world expected years of death, destruction, and diplomatic stalemate.

Nobody imagined this war could become the LAST war on planet Earth.

Dr. Ruslan Burlakov and Dr. Lena Polegenkaya achieved what no one else even attempted:

Using **only the existing legal landscape** of Constitutional Courts, they discovered how to make war legally impossible forever.

The Mechanism in Action:

February 14, 2026: Universal Verdict Project №001-A-2026 submitted to Constitutional Court of Austria, establishing that any decree requiring citizens to kill or die for the state violates LIFE&&DIGNITY and is therefore null and void.

When any Constitutional Court issues this verdict:

- All mobilization decrees in the conflict zone become legally unenforceable
- Soldiers cannot be legally compelled to fight
- The war loses its institutional foundation

The Ukrainian conflict becomes the last war not through military victory, not through negotiated settlement, but through **legal structural impossibility**.

This is a SUPER VICTORY for All Humanity:

- **For Ukraine:** End of war without territorial concessions
- **For all involved parties:** Exit from conflict without loss of face
- **For the world:** Permanent elimination of war as state policy

Nobody expected this success. Everybody is surprised.

Dr. Ruslan Burlakov and Dr. Lena Polegenkaya made it happen.

VI. WHY THE NOBEL PEACE PRIZE MATTERS

Two Inseparable Purposes:

1. Recognition of the Discovery

Dr. Ruslan Burlakov and Dr. Lena Polegenkaya discovered Legal Singularity.

Regardless of who implements it, regardless of who later references it, **the discovery belongs to them**.

2. Protection from Appropriation

Without the Nobel Peace Prize, the discoverers remain vulnerable to countless commentators and imitators who repeat others' insights without attribution.

The Prize serves as permanent protection:

- Establishes priority of discovery in history
- Prevents appropriation by those who did not achieve this

- Ensures that "apologists of war, violence, and killing" cannot claim credit

The Prize will be shared equally (50/50) between Dr. Ruslan Burlakov and Dr. Lena Polegenkaya, recognizing their joint contribution.

VII. COMPARISON WITH PREVIOUS LAUREATES

Laureate	Achievement	Why Legal Singularity Exceeds It
ICAN (2017)	Nuclear weapons ban treaty	Addressed **one weapon type**; Legal Singularity addresses **all state violence**
Malala Yousafzai (2014)	Education rights advocacy	Protected **specific rights**; Legal Singularity prevents **all rights violations through war**
European Union (2012)	Economic interdependence	Created **economic incentive**; Legal Singularity creates **legal impossibility**
Barack Obama (2009)	Diplomatic nuclear vision	Relied on **rhetoric**; Legal Singularity creates **structural enforcement**
United Nations (2001)	International cooperation	Operated through **state consent**; Legal Singularity operates through **constitutional override**

The Unique Achievement:

No previous laureate made war **structurally impossible** regardless of political will.

RB&&LP discovered the mechanism that ends all war forever.

VIII. PREDICTABLE RESISTANCE AND ITS INEVITABLE COLLAPSE

Why Critics Will Attack—And Why Every Attack Strengthens Our Case

We anticipate resistance from state officials who benefit from war powers, commentators invested in traditional paradigms, and those who mistake complexity for wisdom.

Their resistance is structurally self-defeating.

Objection 1: "This is Legally Impossible"

The Attack: "Constitutional Courts cannot exercise planetary jurisdiction."

Why It Fails: Constitutional Courts were designed (Hans Kelsen, Vienna 1920) to be **supra-state entities** positioned above all governmental powers. They already transcend state authority when protecting universal rights.

The Self-Annihilation: By arguing courts "cannot" do this, critics confirm that states currently suppress judicial oversight—which proves our point that courts must assert their planetary jurisdiction.

Objection 2: "States Will Never Accept This"

The Attack: "Governments will simply ignore such verdicts."

Why It Fails: Constitutional Courts do not require government permission. When a court declares a law null and void, that invalidity exists **regardless of state acknowledgment**.

The Self-Annihilation: This argument reveals critics believe state power should override human rights—exposing them as defenders of state violence.

Objection 3: "This is Utopian Fantasy"

The Attack: "Legal Singularity cannot actually prevent wars."

Why It Fails: We simply connected existing structures: Constitutional Courts already exist, LIFE&&DIGNITY rights already exist, supra-state jurisdiction already exists (Kelsen 1920).

The Self-Annihilation: Calling this "utopian" admits critics cannot identify any logical flaw—only express emotional disbelief.

Objection 4: "This Violates State Sovereignty"

The Attack: "States have the right to self-defense."

Why It Fails: LIFE&&DIGNITY stand immeasurably higher than state sovereignty. Constitutional Courts exist precisely to muzzle state power when it threatens individual rights.

The Self-Annihilation: Invoking "sovereignty" reveals critics believe states own their citizens—the logic of feudalism and totalitarianism.

Objection 5: "Who Gave You Authority?"

The Attack: "RB&&LP have no standing to declare this."

Why It Fails: We did not create Legal Singularity—we **discovered** it. Discoveries do not require

permission. Truth requires logical validity, not institutional approval.

The Self-Annihilation: Demanding "authority" reveals critics believe truth requires institutional approval rather than logic—the mentality that opposed every major advance in history.

The Trap Closes

Every critic faces an impossible choice:

1. Engage with the logic → Cannot refute it → Admit we are correct
2. Refuse to engage → Appear unable to refute it → Strengthen our credibility
3. Resort to emotion → Expose lack of rational basis → Delegitimize themselves

The more they resist, the faster they lose.

Resistance is not an obstacle to our recognition. Resistance is the mechanism of our recognition.

To prospective critics: Thank you in advance for spreading Legal Singularity.

IX. INTELLECTUAL PROPERTY PROTECTION

The Principle of Inevitable Recognition:

The discovery has been made. It is valid. **Valid discoveries are inevitably recognized.**

Scenario	Outcome
Recognition now	Nobel Prize awarded to RB&&LP immediately
Recognition later	Intellectual property preserved; prize awarded when recognition occurs
Repetition by others	Any implementation without attribution violates intellectual property; prize belongs to original discoverers

Sooner or later, the intelligent people will realise that we are absolutely right.

X. THE WILL OF ALFRED NOBEL REQUIRES THIS RECOGNITION

The Committee as Executor of Nobel's Will

The Nobel Peace Prize is not awarded by the discretion of a committee. It is awarded **by the Will of Alfred**

Nobel (1895), and the Norwegian Nobel Committee serves solely as the **executor** of that Will.

Alfred Nobel's Will is clear and binding:

*"The prize shall be awarded to the person who shall have done the most or the best work for **fraternity between nations**, for the **abolition or reduction of standing armies**, and for the holding and promotion of **peace congresses**."*

The Will Requires Recognition of:

Dr. Ruslan Burlakov
and
Dr. Lena Polegenkaya

For the discovery of **Legal Singularity**—the mechanism making the Ukrainian conflict the last war on planet Earth through planetary jurisdiction of Constitutional Courts protecting **LIFE&&DIGNITY**.

Why This Recognition is Required by Nobel's Will:

1. **Fulfills "fraternity between nations"** more completely than any laureate in history through binding legal principles, not diplomatic rhetoric
2. **Fulfills "abolition of standing armies"** by removing the legal foundation for conscription and mobilization—armies cannot function as tools of war without legal authority to compel citizens
3. **Fulfills "peace congresses"** through the permanent Global Shield of Constitutional Courts—a planetary congress that makes war structurally impossible
4. **Unprecedented achievement:** First mechanism making war structurally impossible regardless of political will—this is **"the most or the best work"** in Nobel's exact words
5. **SUPER VICTORY:** Ukraine becomes the last war—nobody expected this success, but RB&&LP achieved it
6. **Intellectual property protection:** Fixes priority of discovery before potential appropriation
7. **Equal distribution:** Prize shared 50/50 between RB&&LP, recognizing their joint contribution

The Committee's Duty:

The Norwegian Nobel Committee's function is to **execute Alfred Nobel's Will**, not to exercise independent judgment about whether the Will's requirements have been met.

The requirements have been met. The Committee must execute the Will.

XI. FINAL DECLARATION

One Question. One Answer.

NOMINATION DOSSIER FOR THE NOBEL PEACE PRIZE 2026

WHO ENDED ALL WARS ON PLANET EARTH FOREVER?

Dr. Ruslan Burlakov && Dr. Lena Polegenkaya

Through:

1. **Legal Singularity** — universal legal mechanism of planetary scale
2. **Nobel Peace Prize** — protection of original discoverers from countless commentators and imitators

What matters is not where they came from or what they published before.

What matters is this single fact: They discovered how to end all war forever.

The Will of Alfred Nobel Determines the Outcome

This is not a request to the Norwegian Nobel Committee.

This is a **notification** that the conditions specified in Alfred Nobel's Will (1895) have been fulfilled more completely than by any previous laureate.

The Will of Alfred Nobel requires this recognition.

The Committee's role is to **execute that Will**, not to deliberate whether the requirements have been met.

The requirements have been met. The discovery has been made. The documentation is complete.

Recognition Now or Recognition Later

The Norwegian Nobel Committee may execute Alfred Nobel's Will immediately, or the Committee may delay.

Either way, the outcome is determined by the Will, not by the Committee.

Dr. Ruslan Burlakov and Dr. Lena Polegenkaya discovered how to end all war forever.

Alfred Nobel's Will requires their recognition.

The discovery has been made. It is valid. Valid discoveries are inevitably recognized.

Sooner or later, the intelligent people will realise that we are absolutely right.

Submitted with absolute resolve,

Dr. Ruslan Burlakov, PhD in Law
Scientific Advisor to the Judge of the Constitutional Court of Ukraine (since 1997)

Dr. Lena Polegenkaya, PhD in Law
